

COMPLEMENTARY ACCESSORIES / ACCESSORI COMPLEMENTARI

BLOCK DC - GATE

Stop to the vibration of power transformer,
the BLOCK DC-GATE put a real stop to the DC current
caused from switching-power supply

INPUT :100/110/240 Volt - OUTPUT:100/110/240 Volt

POWER: 1500 Watt

ISO-FOOTERS [SET OF FEET]

The ISO-FOOTERS feet combine the two
real important features as: isolated the vibration
and discharging the horizontal-vertical dangerous
vibration by the two movement into the two axis.

Original design come from military application
as gun as reducing the feedback.

CONICAL FEET & ADAPTOR

The conical feet coupling the electronics unit
to the base support for vibration dispersion.

The kit is available as 3 units or 4 units, it's
available also the cylinder base for better
coupling with electronics.

AES-EBU DIGITAL CABLE

The cable line include two length: 80 cm and
and 120 cm.

This cable supply real 110 ohm as the
AES-EBU specification imposed.

Recommend for digital products as
CDP-Transport to D to A converter.
