

Hi-resolution Class D MONOBLOCK POWER amplifier
MODELLO : **DHP-1000**

Hi-End Class D technology : DHP-1000.

DHP-1000 is a monoblock power amplifier as massive construction, analog unbalanced line inputs and real balanced input .

The great reservoir power output supply right and gently energy for every loudspeaker system at low and high efficiency at any impedance.

The construction respects a real massive cabinet made from hi-thickness sheet, the front panel is a special extruded plexiglass at 15 mm, lateral panels for better chassis rigidity and a led-display level meter show the output power.

The circuit is based from special module works in class D, as double DD technology Docet digital hifi proprietary.

Performance

POWER OUTPUT @ 4 Ohm : 1000 Watt rms / ch.

Sensibilità/input impedance : 2 v / 56 Kohm

S/N Ratio : > 100 db

THD distortion : 0,1 %

Frequency response : 20 - 20 KHz +/- 0,5 db

DAMPING factor : > 1000

IN / OUT line connectors: 2 IN LINE / 2 balanced

POWER SUPPLY : 110/230 Vac 50/60 Hz - 120 V/A

OUTLINE DIMENSION/WEIGHT : 400 (L) 108 (H) 400 (P) mm KG.12

APPROVAL : CE-EMC / CE-LVD / IEC-65
